

Woven Stretch Fabric — RFQ Template

Fill in what you have; leave the rest blank. Composition, weight and end use are enough for a real first price — and if you can send a sample, composition and yarn count testing is free and takes two days. Six blocks below; each field you complete removes one email from the quotation process.

01 COMPANY & CONTACT

Company name		Legal or trading name as used on the PO
Country / market		Where the finished goods will be sold
Website / social		Helps us match the right price tier
Contact person & role		Buyer, designer, sourcing manager...
Email / WhatsApp		Where the quotation should be sent
You are a	☐ Brand ☐ Garment factory ☐ Trading company	First order or repeat programme?

02 COMPOSITION & CONSTRUCTION (MOST IMPORTANT)

Fibre / stretch type	☐ Polyester spandex ☐ Nylon spandex ☐ Spandex-free (T400 / EME) ☐ Other:	Polyester and nylon differ widely in price — this field decides the quote
Stretch direction	☐ 4-way (warp + weft) ☐ 2-way (weft only)	Direction only — elasticity varies by construction
Yarn counts (if known)		e.g. 75D+40D × 75D+40D + 150D
Construction / weave	☐ Plain ☐ Twill ☐ Ripstop ☐ Dobby / other	Or attach a reference fabric photo
Reference sample	☐ Sending physical sample ☐ Photo attached	Testing is free · results within 2 working days

03 WEIGHT & WIDTH

Weight (GSM)		Below ~130 GSM, pale colours may show through when stretched
Cutable width		cm preferred (our woven default: 146 cm cuttable; higher elasticity = narrower)
Colour / shade		Pantone TCX if available; note fluorescent or high-saturation pale shades (higher cost)

04 APPLICATION & PERFORMANCE

End product		Softshell jacket, outdoor trousers, swimwear, uniform...
Fit / hand feel required		Second-skin fit, structured, soft, matte...
Shrinkage requirement		Default if blank: heat <3%, washing <5%
Colour fastness		Grade + method, e.g. grade 4–5 per AATCC 61 / ISO 105-C06
Functional finish	☐ Moisture-wicking ☐ Water-repellent ☐ Antibacterial ☐ Flame-retardant ☐ Other:	State the test standard if you have one; finishes do not change MOQ
Certification required	☐ GRS ☐ OEKO-TEX ☐ REACH ☐ Other:	Declare at enquiry — certification is written into the contract
Special requirements		Chlorine resistance, bonding suitability, printability...

05 VOLUME, COLOURS & TARGET PRICE

First order quantity		Metres · minimum 950 m per solid-dyed colour
Repeat / monthly volume		Used to price the programme, not just the first order
Colours & metres each		Each colour needs to meet the minimum; short colours are quoted higher
Target price		Per metre, and the Incoterm it refers to
Required delivery date		We confirm feasibility against the 70-day weaving + dyeing cycle

06 COMMERCIAL TERMS, PACKING & DOCUMENTS

Incoterm	☐ FOB Shanghai ☐ EXW ☐ CIF ☐ Other:	EXW suits buyers with an agent in China to inspect before shipment
Payment terms	☐ 30% deposit / 70% before shipment ☐ 70% against B/L copy (repeat customers) ☐ L/C	Nominated forwarder orders: 100% before shipment
Roll length	☐ 130–230 m, no joints ☐ Fixed: (with joints)	Two-layer packing: inner nylon film + outer woven bag; cartons optional
Shipping marks	☐ We supply the format ☐ Your format attached	Mill's format sent for approval where needed
Documents required		Invoice, packing list, B/L, certificate of origin (+ anything else, requested early)
Third-party inspection	☐ Not required ☐ Yes:	Accepted if criteria are agreed in advance · default standard: US 4-point
Extra quantity for loss		Recommended: 5–10% above calculated consumption

07 SAMPLING PLAN

Lab dip	☐ Required ☐ Not required Pantone TCX:	Free · 4 days per round · up to 4 revision rounds free (A/B/C options)
Hand loom sample	☐ Greige, structure only ☐ Dyed ☐ Not required	CNY 400 (greige) · +CNY 200 dyed · 7 days · custom development stage
Sample yardage		Free up to 3 m for new customers (freight on buyer); freight on us for repeat customers
Shipping sample	☐ Required before shipment	Pulled from the dyed bulk · represents delivered quality

Defaults applied if a field is left blank

Cuttable width	146 cm
Shrinkage	Heat <3%, washing <5%
Minimum order	950 m per solid-dyed colour (2,500–4,000 m if ordered by dye lot)
Lead time	~70 days weaving + dyeing · ~25 days dyeing only · stock greige saves 25+ days
Price validity	20 days · quoted at USD 1 = CNY 6.7, held within a 5% FX move; beyond that split 50/50
Quality standard	US 4-point system, upgradeable by agreement

Send this back and we will quote

Email wangle@mifufabric.com · WhatsApp [+86 138 1455 7063](tel:+8613814557063) · or submit it directly at mifufabric.com/contact

Attach a reference photo or send a physical swatch and we will test composition and yarn count free of charge — results within two working days. Feasibility, lead time and pricing are confirmed in writing before any commitment.
